EXHIBIT A
(Standard Agreement)

SCOPE OF WORK

1. Contractor agrees to provide to the Santa Monica Mountains Conservancy (SMMC) the following as described herein:

The Mountains Recreation and Conservation Authority will use the proposed grant to fund the construction and for project management for all Phase 1 and for a portion of Phase 2 work for the Vista Hermosa Los Angeles River Watershed Restoration Project. Although the amount of the proposed grant is based upon thorough cost estimates, LAUSD has advised the MRCA that it cannot proceed with the bidding process until the grant has been awarded. The amount of Phase 2 construction will be determined by the construction bids for Phase 1. The work funded by this **grant** for Phase 1 will be demolition and site preparation, site development and utilities and landscaping and irrigation and retaining walls and park amenities. Additionally, MRCA will fund landscaping and irrigation and some building components of Phase 2.

The Vista Hermosa Los Angeles River Watershed Restoration Project will provide a restored natural watershed experience. The natural environment will feature habitats found in the Santa Monica Mountains and the Upper Los Angeles River Watershed. Within the park, landforms will emphasize watershed processes through a living pond, which will support fishing, a stream course that captures all on site water, marshlands, wetlands and adjoining riparian ecosystems and meadows. The Vista Hermosa Los Angeles River Watershed Restoration Project design features an off-the grid utility system: a cistern to capture, clean and reuse water runoff; both passive and active solar powered buildings generating sufficient power to run the park lighting system, heating and cooling system and to power one of the water feature's pumps; green roofs to reduce urban heat island effect; and, an interpretive tool for environmental, water and energy conservation.

The park design implements the objectives of Proposition 50, specifically 79501(e): "Improve practices within watersheds to improve water quality, reduce pollution, capture additional storm water runoff, protect and manage groundwater better, and increase water use efficiency." The cistern is designed to prevent storm water from becoming urban runoff, and a portion of the captured water will be used for irrigation. The pond and cistern were designed together as a system to maximize water conservation. Students at the neighboring high school will be able to see these systems in use on a daily basis, improving their understanding of watershed processes and water quality.

Section 79508 of the Water Code requires the Santa Monica Mountains Conservancy to implement the San Gabriel and Los Angeles River Watershed and Open Space Plan, commonly known as the Common Ground Plan. The Vista Hermosa Los Angeles River Watershed Restoration Project implements several of the guiding principles¹, strategies², and opportunities³ identified in the San Gabriel and Los Angeles Rivers Watershed Open Space Plan adopted by the Santa Monica Mountains Conservancy and the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy in October 2001. These include: creating public open space throughout the region; improving urban lands for opportunities

EXHIBIT A
(Standard Agreement)

for access to parks and recreation; improving habitat quality, educational and interpretive opportunities; and partnerships for multi-objective planning, among others. Furthermore, the Vista Hermosa Los Angeles River Watershed Restoration Project Park Project is consistent with the Santa Monica Mountains Conservancy's Strategic Plan adopted by the Department of Finance in 1997: "Expand local government, school district, and nonprofit ventures to provide increased educational and access opportunities."⁴

EXHIBIT E

Additional General Provisions

Definitions

1. The term "Act" as used herein means the Water Bond 2002
2. The term "CEQA" as used herein means the California Environmental Quality Act, Public Resources Code Section 21000 et. seq; Title 14, California Code of Regulations Section 15000 et. seq.
3. The term "Contract" as used herein means an agreement between the State and Grantee specifying the payment of Grant Money by the State for the performance of Project goals within the Project Performance Period by the Grantee.
4. The term "Grantee" as used herein means the party described as the Grantee on page 1 of this Contract.
5. The term "Grant Moneys" as used herein means funds derived from the sale of bonds authorized by the Act.
6. The term "Project" as used herein means the project described in Section B of this Contract.
7. The term "Project Performance Period" as used herein means the period of time that the Grant Moneys are available, and the time in which the Project must be complete, billed and paid as described in Section C of this Contract.
8. The term "State" as used herein means the Santa Monica Mountains Conservancy.

B. Project Description

The Grantee shall be responsible for construction and for project management for all Phase 1 and for a portion of Phase 2 work for the Vista Hermosa Los Angeles River Watershed Restoration Project in accordance

EXHIBIT E

with the attached staff report, resolution, and application authorizing such action dated August 30, 2004.

C. Project Period

The project period shall be from date of authorization to August 30, 2006, unless such time period is extended by the State.

D. Project Execution

1. Subject to the availability of Grant Moneys in the Act, the State hereby grants to the Grantee a sum of money (Grant Money) not to exceed the amount stated on page 1 of this contract in consideration of and on condition that the sum be expended in carrying out the purpose as set forth in the Description of Project and under the terms and conditions set forth in this Contract.

Unless otherwise determined by the State, Grantee agrees to assume any obligation to furnish any additional funds that may be necessary to complete the Project. Any modification or alteration in the Project as set forth in the Application on file with the State must be submitted to the Executive Director of State for approval.

2. Grantee agrees to complete the Project in accordance with the time of Project Performance Period, and under the terms and conditions of this Contract.
3. Grantee shall comply as lead agency with a California Environmental Quality Act (Public Resources Code, Section 21000, et. seq.)
4. If the Project includes development, the Grantee shall comply with all applicable current laws and regulations affecting development projects, including, but not limited to, laws affecting health and safety, hazardous materials, historical preservation, environmental impacts, building standards, and the like.
5. Grantee agrees to permit periodic site visits by the State to determine if development work is in accordance with the approved Project Description including a final inspection upon Project completion.

EXHIBIT E

6. Grantee agrees to submit any significant deviation from the original Project Description to the Executive Director of State for prior approval.
7. If the Project includes acquisition of real property, the Grantee agrees to comply with all applicable state and local laws or ordinances affecting relocation and real property acquisition. Documentation of such compliance will be made available for review upon request by the State.
8. Grantee agrees to provide reasonable public access to lands acquired in fee with Grant Moneys except where that access may interfere with habitat protection.
9. Grantee agrees to comply with prevailing wage requirements. On January 1, 2004, additional prevailing wage requirements were added by the implementation of Senate Bill No. 966 (2003/2004 Reg. Session). The Department of Industrial Relations, Division of Standards Enforcement is the appropriate agency to contact for additional information on whether a project is a public works and whether prevailing wage is required, <http://www.dir.ca.gov>.

E. Project Costs

The Grant Moneys to be provided Grantee under this Contract may be disbursed as follows:

1. For acquisition Projects: Acquisition of real property shall be from a willing seller of a fee interest or any other interest. The State may disburse to Grantee the amount of the purchase price together with cost allocation or overhead and incident acquisition costs.
2. For development Projects: The State may disburse to Grantee the Grant Moneys on proof of award of a construction contract or commencement of construction by force account including cost allocation and project administration costs, up to one hundred percent of the total Grant, or the actual cost, whichever is less.

EXHIBIT E

F. Project Administration

1. Grantee agrees to promptly submit such reports as the State may request. Grantee shall provide State a report showing total final Project expenditures.
2. Grantee agrees that property and facilities acquired or developed pursuant to this Contract shall be available for inspection upon request by the State.
3. Grantee agrees to use any moneys advanced by the State under the terms of this Contract solely for the Project herein described. Any temporary borrowings of such money for cash flow purposes by Grantee shall be approved by Executive Director of State only upon such assurances that the funds will be promptly repaid as the Executive Director may require.
4. If Grant Funds are advanced, the Grantee shall place these Funds in a separate interest bearing account, setting up and identifying such account prior to the advance. Interest earned on Grant Funds shall be used to complete the Project, as approved by the State. Any overpayment of Grant Funds in excess of final project costs shall either be returned to the State or reallocated to another Project upon approval by the State within 60 days of completion of the Project or the end of the Project performance period as shown on the signature page, whichever is earlier.
5. Grantee agrees that income earned by the Grantee from use of the Project shall be used to further Project purposes, or, if approved by the State, for related purposes within the Grantee's jurisdiction.

G. Project Termination

1. Grantee may unilaterally rescind this Contract at any time prior to the commencement of the Project. After Project commencement this Contract may be rescinded, modified or amended by mutual agreement in writing.

EXHIBIT E

2. Failure by the Grantee to comply with material terms of this Contract or any other Contract under the Act may be cause for suspension of all obligations of the State hereunder.
3. Failure of the Grantee to comply with the terms of this Contract shall not be cause for the suspension of all obligations of the State hereunder if in the judgment of the Executive Director of State such failure was due to no fault of the Grantee. In such case, any amount required to settle at minimum cost any irrevocable obligations properly incurred shall be eligible for reimbursement under this Contract.
4. Because the benefit to be derived by the State, from the full compliance by the Grantee with the terms of this Contract, is the preservation, protection and net increase in the quantity and quality of parks, public recreation facilities and/or historical resources available to the people of the State of California and because such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the State by way of Grant Moneys under the provisions of this Contract, the Grantee agrees that payment by the Grantee to the State of an amount equal to the amount of the Grant Moneys disbursed under this Contract by the State would be inadequate compensation to the State for any material breach by the Grantee of this Contract. **The Grantee further agrees therefore, that the appropriate remedy in the event of a breach by the Grantee of this Contract shall be the specific performance of this Contract, unless otherwise agreed to by the State pursuant to Section 5096.343 (c).**
5. Grantee and State agree that if the Project includes development, final payment may not be made until the Project conforms substantially to this Contract and is a useable facility.

H. Hold Harmless

1. Grantee agrees to waive all claims and recourse against the State including the right to contribution for loss or damage to persons or property arising from, growing out of or in any way connected with or

EXHIBIT E

incident to this Contract except claims arising from the concurrent or sole negligence of State, its officers, agents, and employees.

2. Grantee agrees to indemnify, hold harmless and defend State, its officers, agents and employees against any and all claims demands, damages, costs, expenses or liability costs arising out of the acquisition, development, construction, operation or maintenance of the property described as the Project which claims, demands, or causes of action arise under Government Code Section 895.2 or otherwise except for liability arising out of the concurrent or sole negligence of State, its officers, agents or employees.
3. Grantee agrees that in the event State is named as codefendant under the provisions of Government Code Section 895 et seq., the Grantee shall notify State of such fact and shall represent State in the legal action unless State undertakes to represent itself as codefendant in such legal action in which event shall bear its own litigation costs, expenses, and attorney's fees.
4. Grantee and State agree in the event of judgment entered against the State and Grantee because of the concurrent negligence of the State and Grantee, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction. Neither party shall request a jury apportionment.
5. Grantee agrees to indemnify, hold harmless and defend the State, its officers, agents and employees against any and all claims, demands, costs, expenses or liability costs arising out of legal actions pursuant to items to which the Grantee has certified. Grantee acknowledges that it is solely responsible for compliance with items to which it has certified.

I. Financial Records

1. The State may audit the Project. If so, the Grantee will be notified at least 30 days in advance. The audit may occur up to three years after the final payment of Grant Moneys.

EXHIBIT E

1. Grantee agrees to maintain satisfactory financial accounts, documents and records for the Project and to make them available to the State for auditing at reasonable times. Grantee also agrees to retain such financial accounts, documents and records for **three years following** Project termination or completion.

Grantee and State agree that during regular office hours each of the parties hereto and their duly authorized representative shall have the right to inspect and make copies of any books, records or reports of the other party pertaining to this agreement or matters related thereto. Grantee agrees to maintain and make available for inspection by the State accurate records of all of its costs, disbursements and receipts with respect to its activities under this Contract.

2. Grantee agrees to use a generally accepted accounting system.

J. Use of Facilities

1. Grantee agrees that the Grantee shall use the property acquired or developed with Grant Moneys under this Contract only for the purpose for which the State Grant Moneys were requested and no other use of the property shall be permitted except by specific act of the Legislature.
2. Grantee shall use the property for the purposes for which the Grant was made and shall make no other use or sale or other disposition of the property, except as consistent with the Act and authorized by the State. This Agreement shall not prevent the transfer of the property from the Grantee to a public agency, if the successor public agency assumes the obligations imposed by this Agreement. If the use of the property is changed to a use that is not permitted by the Act, or if the property is sold or otherwise disposed of, and amount equal to (1) the amount of the grant (2) the fair market value of the real property, or (3) the proceeds from the sale or other disposition, whichever is greater, shall be reimbursed to the State, unless approved by the Executive Director of State to be used for related purposes within the Grantee's jurisdiction. If the property sold or otherwise disposed of is less than the entire interest in the property funded in the Grant, an amount equal to either the proceeds from the sale or other disposition

EXHIBIT E

of the interest or the fair market value of the interest sold or otherwise disposed of, whichever is greater, shall be reimbursed to the State, unless approved by the Executive Director of State to be used for related purposes within the Grantee's jurisdiction.

3. Grantee agrees to maintain and operate the property acquired, developed, rehabilitated or restored with Grant Monies for a period that is commensurate with the type of project and the proportion of State funds and local matching funds or property allocated to the capital costs of the project subject to the provisions of Public Resources Code Section 5096.343. With the approval of the State, the Grantee or its successors in interest in the property may transfer the responsibility to maintain and operate the property in accordance with Section 5096.343.

K. Nondiscrimination

1. The Grantee shall not discriminate against any person on the basis of sex, race, color, national region, age, religion, ancestry, or physical handicap in the use of any property or facility acquired or developed pursuant to this Contract.
2. The Grantee shall not discriminate against any person on the basis of residence except to the extent that reasonable differences in admission or other fees may be maintained on the basis of resident and pursuant to law.
3. All facilities shall be open to members of the public generally, except as noted under the special provisions of this Contract.

L. Application Incorporation

The Application and any subsequent change or addition approved in writing by the State is hereby incorporated in this Contract as though set forth in full in this Contract.

EXHIBIT E

M. Severability

If any provision of this Contract or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of the agreement which can be given effect without the invalid provision or application, and to this provisions of this Contract are severable.

N. Budget Detail and Payment Provisions

Invoicing and Payment

- A. For services satisfactorily rendered, and upon receipt and approval of the invoices, the State agrees to compensate the Contractor for actual expenditures incurred in accordance with the rates specified herein, which is attached hereto and made a part of this Agreement.
- B. Invoices shall include the Agreement Number and shall be submitted in triplicate not more frequently than monthly in arrears to:

Santa Monica Mountains Conservancy
c/o Governmental Programs Officer
570 W. Ave. 26, Ste. 100
Los Angeles, CA 90065

N. Budget Contingency Clause

- A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this

SMM-04XX
MRCA-VHP50

EXHIBIT E

Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.
